Total number of pages 2 Pages

Translation of the VDE-Bestimmung according to VDE 0022. The original German version was included in the VDE Specifications Code of safety standards under the VDE number indicated above and announced in the "etz Elektrotechnik + Automation" magazine.

The German committee responsible for this corrigendum is DKE/UK 542.1 "Schalter und Steckvorrichtungen für den Hausgebrauch und ähnliche Zwecke" of the DKE German Commission for Electrical, Electronic & Information Technologies of DIN and VDE ([www.dke.de](http://www.dke.de)).

Up-to-date information on this document can be accessed via the DKE ([www.dke.de](http://www.dke.de)) and DIN ([www.din.de](http://www.din.de)) websites by searching for the document number.

Concerns the German version only

In

**DIN VDE 0620-2-1 (VDE 0620-2-1):2021-02**

The following corrections shall be made in

#### 10.5.1

Delete the following text in the last paragraph:

"or parts of SELV circuits".

#### 17.2

Add the following paragraph after the second indent:

"Surfaces which are accessible during intended use can also be metal surfaces which are indirectly accessible, such as enclosures or mated cords. All above-mentioned metal surfaces are put on the potential of the accessible surfaces."

Annex F (normative) – Switches installed in portable socket-outlets or plugs

Add the following to the third paragraph:

"Mechanical ...".
